THE CHALLENGE

Is Your Shop Invisible Online?

Many local businesses lose customers every day because they can't be found on Google

Not on Google Maps

Customers search "shops near me" but can't find you

No Website

Potential customers can't see your products or services online

Outdated Info

Wrong phone number or hours means missed business

No Reviews

Competitors with reviews get chosen over you

FAQ

Frequently Asked Questions

Q Do I need any technical knowledge?

No! We handle all the technical work. After launch, we provide a simple training session so you can manage your profile easily. No coding or technical skills required.

Q How long does it take to see results?

Your website and Google profile will be live within 7-10 days. Google Maps visibility typically improves within 2-4 weeks as Google indexes your business.

Q Are there any monthly fees?

No monthly fees! You pay once and own your website. The only ongoing cost is domain renewal (around ₹1000/year) which you can manage yourself.

Q What if I already have a Google Business Profile?

Great! We'll optimize your existing profile with better descriptions, photos, categories, and services. We can also help recover or claim profiles you don't have access to.

Do you provide ongoing support?

Yes! We offer 24/7 technical support. Whether you need help updating your hours, adding new photos, or any other changes, we're here to help.
